COASTAL GEORGIA COUNCIL

The Earth Tribe is a global youth movement and educational initiative by World Scouting that aims to develop environmental leadership skills in young people. The initiative is part of a larger effort to engage young people in the Sustainable Development Goals (SDGs).

The Earth Tribe's mission is to:

- Develop awareness, competencies, and leadership skills
- Create environmental change in communities
- Contribute to the development of sustainable development competencies

The Earth Tribe guides young people through a series of challenges to learn how to connect with nature, become champions for sustainability, and take action for the environment. District Events

The Events listed above are all considered council events. Each district can also host their own events and programs. These typically include camporees, twilight camps, pinewood derbys, etc.

Unit Camping

Whether you're planning a traditional Scout campout or a unique special event, Black Creek Scout Reservation and Camp Tolochee offer exceptional experiences tailored to your needs. We specialize in building custom unit campouts with flexible programming options to match your group's goals and interests. Beyond Scouting, both camps are available for a wide range of events—including weddings, holiday parties, corporate retreats, youth camps, and church gatherings. With beautiful natural settings and well-equipped facilities, we can create comprehensive, all-in-one packages that include programming, food service, lodging, and venue access—making your visit seamless, memorable, and worry-free.

Make sure to follow the **Guide to Safe Scouting** before any unit outing. This includes having qualified supervision, following the “Age-Appropriate Guideline for Scouting”, Safe Guarding Youth Training guidelines, and the Scouter Code of Conduct.

You can access the Guide to Safe Scouting by scanning the
QR Code.

Please reach out to Jacob, Greyson, or Lew with any questions
regarding Scouter safety.
